

Dear Friend and Fellow Member  
Of the MCDP Central Committee

Greetings. My name is Mike Bock. I'm a fellow member of the MCDP Central Committee and looking forward to our December 6 Christmas party to start getting acquainted with the other members in the **2018-2022** Central Committee group. This is my third time to be elected to serve on the MCDP Central Committee (2006, 2010, 2018).

### **First**

If you are a new member, you might want to research the history of MCDP. My website, [DaytonOS.com](http://DaytonOS.com) has posts that go back to 2007. These two tell about the Reorganization Meeting and about changes to the MCDP Constitution:

- [At The MCDP Reorganization Meeting, The Central Committee Votes To Make No Change In Endorsement Policies](#)
- [The Transformation Needed In The Democratic Party Is Starting Here In Montgomery County](#)

### **Second**

At our short business meeting, I will make the following two motions at the December 6 Central Committee meeting.

#### Motion #1

My motion is that each Central Committee member be sent a digital register of the names, addresses and telephone and email address of each member of the Central Committee, and, that a paper copy of the register be mailed to those members not equipped with email.

#### Motion #2

My motion is that the MCDP Treasurer provide each Central Committee member with a report of the MCDP budget and finances explaining in detail how money was raised and spent in 2018, and my motion is that the Treasurer schedule a time to respond to questions that Committee members may have.

### **Third**

I'm building an **OH-10 Democratic Forum** on DaytonOS to start in January. The purpose of the Forum is to create teams of Democrats to work together in research and discussion — focused on advancing specific projects. Membership on committees will be limited to Democrats living in the tenth congressional district.

Here are some of the teams that I am considering:

1. Committee to make the MCDP a stronger and more successful organization.
2. Committee To Increase Voter Turn-Out In Strong Democratic Precincts.
3. Committee to Study and Monitor the actions of the Ohio Assembly and to inform and engage the public concerning the work of the Assembly — particularly the work of Montgomery and Greene County Assembly members.
4. Committee to Study and Monitor the action of the U.S. Congress and to inform and engage the public concerning the work of Mike Turner, Rob Portman and Sherrod Brown.
5. Committee to make the Ohio Budget understandable and transparent and to inspire public interest in understanding issues dealing with the Ohio Budget.
6. Committee to make the Federal Budget understandable and transparent and to inspire public interest in understanding issues dealing with the Federal Budget.

Most committee work will be done online. Some meetings, especially social events, will be in person. Some meetings will be open to the public. For example, a committee may organize a public meeting where an expert witness gives an address. Forum participants eventually will have the option of forming their own committees and in developing other topics of their choice.

Email me — or let's talk on December 6 — and indicate if you have an interest in participating in any of these committees. Indicate any committee not listed that you would like to participate in.

Thanks. Looking forward to being with you on December 6.

Mike Bock, **KETTERING 4-J**
